

Dynamic Data Driven Applications Systems

InfoSymbiotics/Dynamic Data Driven Applications Systems (DDDAS2022)

Author Instructions

Please submit a half-page abstract (in your own format); to include title, authors and institution. This is for the assignment of reviewers to your eventual manuscript.

- The full paper submission deadline is 15 July 2022. Papers will be 8 pages of Springer Format.
- Notification on August 1, of acceptance of the paper, with any requested edits and whether paper will be presented as Standard Session or Poster Session.
- Final paper submission deadline is 15 Aug.
- EasyChair will be utilized for submissions; the revised paper or abstract will be submitted and uploaded in place of your abstract submission.

Please format the final manuscript submission for full/plenary presentations in the Springer LNCS format.

- <https://www.springer.com/gp/computer-science/lncs/conference-proceedings-guidelines>

Note: the DDDAS2022 conference is limiting paper length to 8 pages. The Springer instructions cite (as example) 15-17 pages. Please disregard.
